The **Techcon 400 ml/490 ml Side-by-Side Cartridges** are precise metering containers for 2-component adhesives and sealants. We offer four standard mixing ratios (1:1, 2:1, 4:1, and 10:1) to accommodate the most commonly formulated products for industrial applications.

Techcon 400/490 ml side-by-side cartridges are made of polypropylene (PP) to meet a wide range of chemical compatibility.

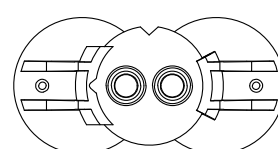

Available in two outlet systems
